

Oct 22nd

Tuesday

6:00 – 8:00 pm

*With Dr. Michael
Krisinger*

BCSLS Telehealth Video Broadcast

“HEMOSTASIS”

Hemostasis is a perfect balance between blood clot formation and fibrinolysis. This presentation will describe the biochemical interplay required to protect the body from catastrophic blood loss upon injury while maintaining the fluidity of blood at sites remote from injury. Imbalances can lead to thrombosis or bleeding.

Costs:

BCSLS members: \$28,

MLA, MLT Non-members: \$56,

Other Hospital Staff: \$56

Registration:

Credit Card: Online registration www.bcsls.net – education – Telehealth

Cash or Cheque: Register with the Site Coordinator at your site

Where:

- Broadcast to over 45 sites across BC. To see which sites are participating this month, check the site list on the website. www.bcsls.net – education
- See it live in Vancouver at Women’s and Children’s Hospital. Limited seating.
