

BC Society of Laboratory Science Presents

# BCSLS Telehealth Video Broadcast

***“DIGITAL CELLULAR  
MORPHOLOGY:  
SPANNING THE  
REFERENCE LABORATORY  
TO THE REMOTE  
LABORATORY IN BC”***

## **Costs:**

BCSLS members: \$28,  
MLA, MLT Non-members: \$56,  
Other Hospital Staff: \$56

## **Registration:**

Credit Card: Online registration [www.bcsls.net](http://www.bcsls.net) – education – Telehealth  
Cash or Cheque: Register with the Site Coordinator at your site

## **Where:**

- Broadcast to over 45 sites across BC. To see which sites are participating this month, check the site list on the website. [www.bcsls.net](http://www.bcsls.net) – education
- See it live in Vancouver at Women’s and Children’s Hospital. Limited seating.

**Feb 21<sup>st</sup>  
Thursday  
6:00 – 8:00 pm**

**With Scott Dunbar**

This presentation will present the concepts of digital morphology as a tool for clinical laboratories regardless of size. The concepts covered will include, improving the efficiency, proficiency and connectivity of the analysis of Peripheral Blood Smears and Body Fluids. This presentation will use real case studies to demonstrate the technology of how artificial neural networks can improve the proficiency and accuracy of microscopy. The presentation will also demonstrate how glass slides can become digital slides in order to help remote facilities with Turn Around Time.
