- See it live in Vancouver at Women’s and Children’s Hospital. Limited seating.

- The New paradigm in Hormone therapy
- Hard facts on Osteoporosis
- Cardiac Risk for the midlife woman
- New research on weight gain and hormones

Hormones have been under scrutiny for the last 10 years, the controversies are finally settling as 15 of the top world authorities have come together to reach a consensus. The physicians at Westcoast Women's Clinic have endeavoured to educate the medical community about the new data and have recently returned from 2012 meetings in Orlando.
