

Your site can attend a Telehealth for FREE with food! Find out how...

We want to continue to make sure that Telehealth seminars are relevant and interesting to you!!

Your site and as many people as you can cram into a room can attend a Telehealth seminar for FREE and have a 'party' on us, BCSLS, if anyone at your site finds and registers a relevant speaker/topic.

The small print:

- ④ The free Telehealth 'party' must be used at the same time as the Telehealth that was arranged by the site.
- ④ Anyone at your site can arrange this, but the site coordinator should know what's going on.
- ④ Find a speaker and the topic
 - Speaker must live in the Lower Mainland, close to the 'Live' broadcast. Special permission from BCSLS is needed for other locations.
 - Presentation: 1.5 hours and 30 min Q/A (6pm – 8pm)
- ④ Send (email) the information to me and I will submit it to our Director of Professional Development for approval
- ④ Once approved it is up to **someone at your site** to contact the speaker and get the speaker to register as a speaker for Telehealth
 - Speaker registration is on the website (BCSLS/Education/Live Events...)
 - Speaker will need presentation title, brief description and short bio
 - Available Telehealth dates will be on the website and in the speaker registration.
 - Usually third week of the month. Special arrangements can be made through Angie in the BCSLS office. Angie@bcsls.net
 - Tuesday or Thursday
 - Months: Sept – June (not July or Aug)
- ④ Once the speaker is registered Angie in the BCSLS office will send the speaker all of the relevant information that she/he needs.
- ④ The Telehealth 'Party' includes:
 - Free attendance (keep track so that I can still send certificates)
 - Food (Pizza, or snacks, or???...) and non-alcoholic beverages
 - If you want balloons you can have balloons 😊
 - Arrange with Angie at BCSLS
