

Bio: Darrel Cook, MSc, ART, SCCM

- ∞ Current position: Research Projects Leader; BC Cancer Agency, Cervical Cancer Screening Program, and BC Centre for Disease Control, Clinical Prevention Services
- ∞ Bio: Darrel Cook is the former head of the Virology Section, BCCDC Laboratories from 1985-2000 where he implemented and supervised HIV screening and confirmatory testing for the province beginning in October 1985. Darrel has been an executive member of the Canadian Association of HIV Clinical Laboratory Specialists, and member of the group since its inception. While he is no longer responsible for HIV testing program, he maintains a strong interest in HIV diagnostics.
